# General Rules And Regulations

The Jefferson County Fair Board reserves the right to formulate and announce new rules to meet emergencies that may arise later and/or during the Fair and to adjudicate all matters arising from the Fair.

The Fair Board reserves the final and absolute right to interpret these rules and regulations to arbitrarily determine all matters, questions and differences in regard thereto, connected with or incident to the Fair; and also amend or add to these rules as may seem advantageous to the management.

Every exhibit will be under the control of the Fair Board, but while every precaution will be taken for their safekeeping, neither the Fair Board nor any of its officers or agents will be responsible for any loss, damage or accident that may occur, nor will it be held responsible for the safe return of any exhibit to its owner.

The Fair Board reserves the right to direct and regulate the parking of all automobiles or other vehicles or conveyances within the Fairground and to direct where they shall be driven therein.

**With the exception of the Horse Show, which is only open to residents of Jefferson County, the Jefferson County Fair is now an 'open' fair, and exhibits in other Departments will be accepted from outside the County.**

Entries must be made on official Fair Entry Form. Entry forms are available at local businesses, the County Extension office in Whitehall, by calling Terry Minow, 225-4397 or Susan Haran, 461-6701 or by writing to the *Jefferson County Fair Board, P.O. Box 313, Boulder, 59632*. Entry forms are also available online at <http://www.jeffersoncountymt.gov/fair.html>

Exhibits shall be the property of the exhibitor and shall be of his/her own production.

The Fair Board reserves the right to require a sworn affidavit as to the ownership, producer and place raised on any exhibit.

Take notice of the time and dates on which entries in the various departments close. Exhibitors will furnish the superintendents with their entry blanks at the time the exhibits are entered except for Livestock, Poultry, Rabbit and Horse show entries, which are to be received no later than Friday, August 19.

Judges decisions will be final. No disorderly conduct of any kind will be permitted.

The Superintendents of the departments will have entire charge of the exhibits in their departments.

Smoking will not be allowed in any barns or buildings. The Fair Board asks the cooperation of the public in this regard.

Judging will be by merit except in Departments H, I and K. All entries will be given a first, second or third placing. Absence of competition will not be justification for awarding a high placing to an animal or article of medium or inferior quality.

The best exhibit(s) in each class will receive a purple ribbon. In exceptional cases, two purple ribbons may be awarded. Purple ribbon awards will be chosen from the blue ribbon awards in each class. Special "Heart Award" ribbons will be awarded by the Superintendent of each department. These awards are the Superintendent's choice of special merit and will be chosen from among all entries in that department.

Purple ribbon winners will be eligible to compete for Best of Show ribbons in Departments P through F in adult and junior/youth divisions.

**FLORAL**

Margy McCauley Memorial vase awarded to Best of Show, Adult Division, Floral Department.

**RULES:**

1. All entries must be received from 7:30 a.m. to 10 a.m., Saturday, August 27.
2. Flowers must be grown by exhibitor except in Class 3, floral arrangements, which need not be grown by exhibitor. Exhibitor is allowed one entry in each lot.

ments, which need not be grown by exhibitor. Exhibitor is allowed one entry in each lot.

3. Each exhibit must contain no more or less than the number of stems specified under each lot number, otherwise they will be disqualified.

4. Exhibits cannot be replaced with fresh flowers after they are entered.

5. Separate exhibits must be shown where collections are required. Same exhibit cannot be shown in individual and collective exhibits.

6. Do not use artificial flowers in arrangements. Accessories are permitted. Exhibitor must use fresh flowers in each design or arrangement unless otherwise stated.

7. Exhibitors must provide containers for their exhibits. The Fair will not be responsible for container or accessories lost or damaged, although every care will be taken.

8. Exhibits in Class 1 will be judged on the flowers only, not with the container.

**DEFINITIONS:**

**Bloom:** Individual flower, a solitary flower terminating in a stem.

**Stem:** 1 bloom with each stem.

**Spray:** A number of flowers and foliage on 1 stem.

**Spike:** Stemless flowers on a long stalk.

**HINTS TO EXHIBITORS:**

\* All old blooms, bug-eaten, dead and broken leaves should be removed as carefully as possible. Uniformity is very important: length of stem, size of flowers, and maturity of flowers all should be as nearly alike as possible. Unless specified in the lot number, it does not matter whether flowers in an exhibit are all the same color. If a certain color is specified, the colors should be as much alike as possible in each flower.

\* Cutting and hardening of plant material: If plant material is to hold up through the exhibition period, it must be cut no later than a day before it is to be exhibited. Cutting should be done about 4 p.m., because at this time there is the greatest amount of sugar in the leaves, and as soon as the flowers are plunged in water they take up enough to overcome any apparent wilting. Plunging stems in water at 100 degrees F is usually best; then set in a cool room, out of any draft, and let the water cool to room temperature. This enables the flowers to retain their rigidity and last much longer.

\* Cut stems cleanly at an angle with a sharp knife and place at once in deep water. Foliage should be clean, with any broken, diseased or disfigured foliage or petals removed.

\* Flowers or branches with wood stems such as phlox and roses should be split, crushed or pounded before being placed in deep water.

\* Dahlias should be picked at daylight with a long stem, placed first in cold water and then in hot water and set in a cool, dark place during the day. Any flower with milky or colorless fluid in its stem may be seared with a flame or the stem end placed in

boiling water several minutes (blooms should be protected from the steam).

\* Flowers to be used in arrangements such as hosta, vegetable leaves, etc., should be immersed in water overnight.

### DEPARTMENT D CROPS & GARDENING

#### RULES:

1. All entries must be received from 7:30 a.m. to 10 a.m., Saturday, August 27.

2. All entries must be current year's crops.

3. All sheaves of grain, forage crops must be less than 3 inches or more than 5 inches in diameter in at least one place.

4. Grains must be tied in at least 3 places and forage crops in at least one place.

5. Only one exhibit per lot number can be entered, and an exhibit can be entered in only 1 lot.

6. Exhibits must be grown by person exhibiting them.

7. Threshed grain, 1 quart, must be shown.

8. Exhibitors may not replace with fresh fruits and vegetables until after the judging has been completed.

9. Apples should not be polished.

10. Place all fruit exhibits on small paper plates, insert in plastic bags and secure tightly.

11. Exhibits will be judged on uniformity, maturity, varietal characteristics and freedom from disease and

injury. Judging is based on market preference. Most markets prefer a medium sized specimen.

12. All vegetable exhibits should be exhibited in a clear plastic bag fastened with a wire tie (no plastic wrap or paper plates) except for large items like pumpkins, which don't need to be covered.

#### HINTS TO EXHIBITORS:

\* **Threshold grain:** all samples should be free of dirt, weed seeds, chaff and other grains. There should be no evidence of smut in the sample. The sample should be pure as to variety, and class of grain. The grain in the sample should be large, plum, and of a hard, flinty texture. The sample should be free from all kinds of damage such as pin pruning, etc. A deep, yet clear, dark red color is best for milling wheats. In oats and barley, fresh, clean color is very important.

\* **Sheaf grain:** In sheaf grains, the evidence of high yield and quality are of equal importance. A sheaf grain should be pure as to variety. The grain must be the natural green color and the maximum amount of foliage.

\* **Forage sheaves:** Sheaves are judged on their apparent forage, quality, purity and yield. It is essential that the show sample be cured in a

way that preserves the natural green color and the maximum amount of foliage.

\* **All root crops:** Cut tops off leaving approximately 1 inch at the top and the roots should be cut off leaving approximately 1 inch, except for beets, on which the root should not be cut. Wash thoroughly, but do not use a brush.

\* **Beans and peas:** Leave ¼ to ½ inch stems and select uniform pods.

\* **Carrots:** Select carrots that do not have green shoulders.

\* **Dry onions:** Approximately 8 days before the Fair, twist tops and remove outer layer of dirty skin, just one layer. Spread out so air can pass over them until fair time. Remove tops approximately 1 inch and clip off roots to approximately 1 inch. Do not peel onions to make them shiny.

\* **Green Onions:** Lift just prior to exhibition, avoiding damage to root node, trim roots and tops, remove outer layer of skin to get dirt off.

\* **Potatoes:** After digging, allow them to dry 20 minutes or so to set the skin; wash gently and avoid rough handling.

\* **Rhubarb:** To remove leaf, cut 1 inch from each side of the stem in triangle pattern to center of leaf vein above. Leave base of stem intact.
